

A woman with blonde hair is relaxing in a hot tub, surrounded by bubbles. She is leaning back against a white bath pillow. The hot tub is dark-colored, and the water is filled with white foam. The woman's expression is peaceful, and her eyes are closed. Her right arm is extended forward, and her left hand is resting on her hip. The background is a plain, light-colored wall.

*"The World's Most
Comfortable Bath Pillow"*

LeContour™

*"The World's Most
Comfortable Bath Pillow"*

LeContour™ . . . the versatile and flexible Euro-style Bath Pillow is designed to contour to the shape of your head and your tub. Our exclusive Foam design maximizes air-lite softness and provides the ultimate in support and comfort.

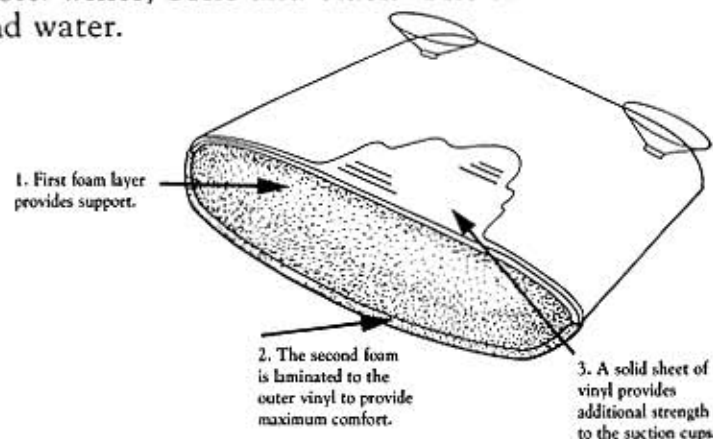

LeContour™ has strong suction cups that are dielectrically fused to a solid vinyl sheet inside the pillow. This provides the necessary strength for easy removal. The LeContour™ Bath Pillow is also dielectrically sealed around the edges to prevent water entry.

LeContour™ comes in three decorator colors: white, bone and black. The soft glove vinyl is easily cleaned with soap and water.

TO APPLY: Place the pillow in the desired tub position and press on the suction cups to secure in place.

TO REMOVE: Gently lift the tabs on the suction cups. Do not pull on the pillow itself.

CAUTION: Do not sit on pillow, as excessive weight may cause leakage. This product is not intended for use in hot tubs and spas, as sanitizing chemicals will have a detrimental effect. Do not submerge.
