

Ozone

- - - -the way to sanitize your bathtub massage system

Automatically and naturally sanitize the whirlpool system **EVERY 24 hours!!**

The O3 System stays in a waiting mode until the bathtub is emptied.

O3 Ozone System is:

- Effective:** Kills Bacteria. 200 times stronger than household bleach
- Safe:** Made naturally from oxygen; unlike traditional chemicals, ozone is safe and gentle
- Natural:** Reverts back to oxygen – leaving no byproducts
- Automatic:** Automatically introduced into the system every 24 hours
- Proven:** Ozone has been used for 100 years:
- Much of bottled water is treated with Ozone
 - The White House swimming pool has a Del Ozone System
 - Over 90% of hot tubs/spas use Del Ozone Systems
- Maintenance:** The Ozone sanitation system will operate maintenance free up to 9,000 hours
