Model BRA-72
72"X72" Armrest Corner Tub
83-124 Gallons

Dimensions may vary $\pm 1/2$ inch.

**YOU CAN CHOOSE FROM A
WIDE VARIETY OF COLORS.**

**A FULL LINE OF COORDINATING
FIXTURES ARE AVAILABLE.**

A large, ornate, cream-colored whirlpool bathtub is the central focus. It features a central chrome faucet with two side handles and a central jet. Several other jets are visible along the sides and back of the tub. The tub is surrounded by decorative elements: two lit candles in holders on the right, a stack of blue and yellow towels on the left, and a potted plant in the bottom left corner. The background is a blue, wavy pattern, suggesting water or a decorative wall.

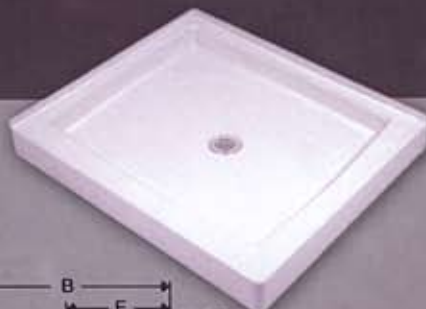

SHOWER RECEPTORS - MOLDED ACRYLIC

One piece, single threshold model for recessed installation.
Features 1" tiling flange on three remaining sides.

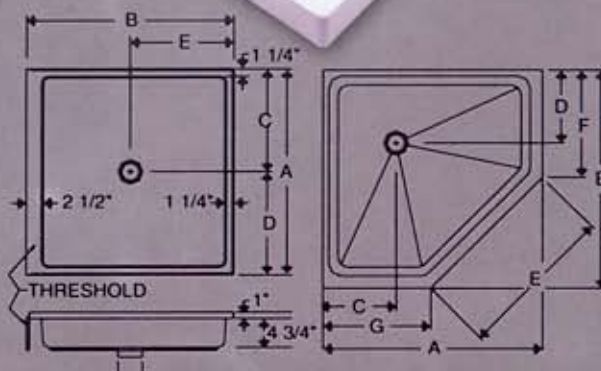

SINGLE THRESHOLD

DOUBLE THRESHOLD

* The first two numbers under "model" indicate threshold size.

All tubs can be equipped with attractive, removable access panels.

DON'T SHARE YOUR WHIRLPOOL TUB WITH BACTERIA AND MOLD!

"Did you know your whirlpool tub is a perfect breeding ground for bacteria and mold"

Most whirlpool bath tubs and spas have over 24 feet of complex pipes and fittings that gather an "internal bath tub ring" that just can't be wiped off with regular cleaning. Body and bath oils, dirt, hair, soap scum, even rust and mineral deposits from your water are pumped through the whirlpool system many times over with each bath.

Works great for all sanitary surfaces.

- ♦ Showers
- ♦ Vanity Tops
- ♦ Sinks
- ♦ Kitchen Countertops
- ♦ Tile
- ♦ Toilets

A natural, environmentally friendly citrus solvent that dissolves the build up of body and bath oils, dirt, hair, soap scum, rust and mineral deposits which are a perfect breeding ground for bacteria and mold.

Five Year Limited Warranty

We warranty to the original purchaser and the original user for a time of five years with original Proof of Purchase that our bathtubs:

1. Will be free of manufacturing defects.
2. Will not chip, blister or delaminate.

Our liability is limited only to repair or replacement of the product at the point of original purchase F.O.B. Factory. We shall not be held liable for any installation cost, labor or damage incurred from removal or reinstallation. This warranty does not apply to products installed in commercial properties (rental properties, motels, hotels, etc.) This warranty does not apply to whirlpool units or any damage relating to installation of the whirlpool system. Your whirlpool system should be covered under a separate warranty.

This warranty will not apply if:

1. Tub is not installed according to our instructions or not installed according to local building codes and ordinances.
2. If moved from original point of installation.
3. If proper care and customary cleaning instructions are not followed.
4. If bathtub is subjected to abuse, mishandling or accident.
5. Not warranted outside the United States.

CARE AND CLEANING

We recommend cleaning agents in the form of multi purpose spray or liquid variety common in the household cleaning section of most stores: Liquid Comet, Spic & Span, Lysol Bathroom Cleaner, etc.

The use of harsh abrasives may cause scratching, discoloration and dullness to surface of bathtub.

INSTALLATION

Continuous support of tub deck for structural stability is required.

All tubs have foam bottoms and are pre-leveled for ease of installation.

Also recommended: Support bottom of tub with solid mortar grout or a high density spray foam which can be bought at most plumbing supply houses.

Any warranty related problems should be handled through nearest distributor in your area.

All bathtubs have been tested and certified by a certified testing agent to conform to HUD/UM 73a, IAPMO and ANSI Z124.1 and are under a program of factory inspection by ULI.

Dimensions may vary + - 1/2 inch.
